

### ***Moses Controversy, and it's Vatican/Jesuit lies***

<https://www.incpu.org/Moses-ControversyPt1.htm>  
<https://www.incpu.org/Moses-ControversyPt1.pdf>

We recently watched a movie promoted by Ken Ham, called the “Moses Controversy”. With Ken Ham, and his empire at “Answers in Genesis” team, promoting it, we thought we could trust it as being accurate. We were very disappointed in what we saw. We went to learn some history, all we found was propaganda and clever half-“truths”.

The film is laid out in a the traditional monologue form where the speaker is literally walking you through a process of his logic, or in this case – his version of “logic”, that I would call Jesuit propaganda... but I’m getting ahead of myself. I can explain that a little later. The film is laid out with several elements: 1) a sort of history analysis, 2) a sort of investigative journalism + “research”, and 3) a promoting of “scholarly research” above the Bible to prove if it’s right or not. The key person in the film is the film’s producer: Tim Mahoney. We gave him credibility to start with, but he quickly shredded any credibility we offered him by how he handle the subjects.

In the film, Mr. Mahoney keeps repeating himself again and again – 1) because he doesn’t have much material, and 2) because he was trying to brain-wash the category of Christian people who came to see this film, and 3) to keep repeating his “scholarly research” to sound impressive, while looking fake humble. Mr. Mahoney is creating his own version of events around the time of the children of Jacob/Israel being taken to Egypt, then becoming slaves, then God raising up Moses, and using Moses to lead the children of Israel out of captivity to the very pagan and demonic Egyptians and their idol-filled culture (no wonder demonic masonry loves Egyptian mythologies, as they also like the Greek and Roman mythologies).

The topic of the film was supposedly simple: when was the first alphabet created by humans, and which people group influenced the rest of them. Let’s first give a brief on what Mr. Mahoney taught, and then correct his errors, and the errors of the rest of the so-called “historical communities” that are promoted as experts by the Vatican/Rockefeller-run education system here in America, and abroad.

I need to start with some history that maybe modern followers of Jesus haven’t thought through yet. Do you realize that the Vatican/Rockefeller-run “education” system has been pretending that evolution is the

“rule” of life and history, and writing myths about the people in the past to make us sound “more evolved”? That’s the problem here: re-written “history”, and the reason I put the word history in quotes there is because when the Vatican/Rockefeller team alter history, it’s now propaganda, not plain and honest history anymore.

So, according the lies of the Vatican/Rockefeller “education” system (which has now pervaded US culture since the 1950s), Adam and Eve were “primitive” and could only speak in some form – no alphabet. Then came the Egyptians who then supposedly created the first and/or best picture-form of an alphabet. The 1983 World Book Encyclopedia says that the Egyptian hieroglyphs were supposedly “finally invented” around 3000BC. Now, the modern “scholars” pretend that happened later (2000s?). In the 1983 World Book Encyclopedia, the “scholars” there said that the first alphabet was “created” in 1500BC by the Phoenicians. Today, apparently these modern “scholars” pretend that the first alphabet wasn’t invented or created until between 1200BC and 1000BC. The other lie here is that modern “scholars” have moved everything down about 500 to 600 years. Meaning, what used to be said to have happened in the 1800s to 1500s, is now being said to have happened in the 1200s to 1000s. That’s what I call re-written history. Even Vatican “ArchBishop” James Ussher has the date earlier of God’s exodus for the Jewish/Israelites. Mr. Ussher puts that date at 1491BC, which puts the writing of Exodus at 1490.

If you ever get a chance to study into the inner-workings of “archeology”, you will find that the Vatican, Oxford, and others of their ilk, are not trying to prove the Bible, and when they find something that proves Biblical history, they throw it away, hide it, or destroy it. The only things they “discover” are artifacts that they can twist to give their lying version of history that makes them sound good and helpful, while pushing their lying religion of evolution and many other myths, false religions, and demonic agendas.

Mr. Mahoney is trying to bring his equally twisted version of “scholarship” to confuse Christians, while also making up a different set of myths. Mr. Mahoney pretends that the first alphabet was created earlier than previously thought and was the original Hebrew... the problem is that Mr. Mahoney is saying that the alphabet was only created in 1200BC to 1100BC, maybe as early as the 1500s. That was about 2/3s of his film. The other 1/3 or so of his film was quoting “scholars” from the Jesuit-led “Protestant” schools including both the so-called “Conservative” schools like SBTS and the so-called “Liberal” schools like UNC Chapel Hill, and then the deeper, harder and meaner scoffers who openly attack the Bible to promote sin on the supposed “liberal” side, like those from Washington University. I just summed up most of the film. If you noticed that it had that little content, you’re right. Did I mention that he repeated himself a lot?

So, what’s the truth? Did Adam and Eve live in caves and work with rocks and speak in some sort of sub-human communication form? No. Do you realize that you can use the Bible to prove all of these so-called “scholars” as liars? Let’s just start in Genesis 2. Genesis 1 is God’s account of how HE created the world, but liars will never “understand” that because they reject God. Genesis 2 is where God fills in other details of how He built the world, and the manner in which He did it – which false teachers twist to pretend it’s just a “story”, another false teaching to their harm, and the harm of their hearers. But, in Genesis 2, God explains that He made the animals and Adam, and brought the animals to Adam to then see what He would name them, and implied in the text is that God was teaching Adam how to name the animals. You can find that in Genesis 2:15-25. Let me quote that and then let’s look at it.

**“<sup>15</sup> Then the LORD God took the man and put him in the Garden of Eden to tend and keep it.**

**<sup>16</sup> And the LORD God commanded the man, saying, ‘Of every tree of the garden you may freely eat; <sup>17</sup>**

but of the tree of the knowledge of good and evil you shall not eat, for in the day that you eat of it you shall surely die.’<sup>18</sup> And the LORD God said, ‘It is not good that man should be alone; I will make him a helper comparable to him.’<sup>19</sup> Out of the ground the LORD God formed every beast of the field and every bird of the air, and brought them to Adam to see what he would call them. And whatever Adam called each living creature, that was its name.<sup>20</sup> So Adam gave names to all cattle, to the birds of the air, and to every beast of the field. But for Adam there was not found a helper comparable to him.<sup>21</sup> And the LORD God caused a deep sleep to fall on Adam, and he slept; and He took one of his ribs, and closed up the flesh in its place.<sup>22</sup> Then the rib which the LORD God had taken from man He made into a woman, and He brought her to the man.<sup>23</sup> And Adam said: ‘This is now bone of my bones And flesh of my flesh; She shall be called Woman, Because she was taken out of Man.’<sup>24</sup> Therefore a man shall leave his father and mother and be joined to his wife, and they shall become one flesh.<sup>25</sup> And they were both naked, the man and his wife, and were not ashamed.” (Genesis 2:15-25)

That passage, that is from God Himself, shows the lies of the “scholars” one way or another. Either A) Adam had a \*really\* large brain that could retain numerous names of animals that he gave them (which he had to use speech to do that with) after identifying their appearance, strengths, etc, and therefore was not a “ape man” or a “cave man”, or B) Adam \*wrote\* out the names on some sort of paper-like thing that God gave him the wisdom to make, which shows that and aleph-bet (Hebrew) or “alpha-bet(a)” (Greek) was already invented by God for man, before He created Adam. But no, these so-called “scholars” can’t let God be smart or even exist, because if He does exist, He will judge them as liars, scoundrels and evildoers, mocking God and trying to lie to others that He doesn’t exist. Well, what do you know? They’re liars. As Scripture says, **“<sup>4</sup> ... Indeed, let God be true but every man a liar. As it is written: ‘That You may be justified in Your words, And may overcome when You are judged’”** (Romans 3:4)

But there is another Biblical account, from God Himself, that also tears apart the lies that they are pretending is “provable history”. It’s the Biblical account of the “Tower of Babel”. Babel was an ancient area in the Mesopotamia region (area around/between the Euphrates River and the Tigris River. In that land area, there was a region called “Shinar”, and according to the God in the Bible, the people who were descendants of Noah’s 3 sons: Shem, Ham, and Japheth, but who rejected walking holy and serving the One True God of the Bible, decided they were going to join satan’s rebellion and try to build a tower to the sky and go up and murder God, just like Isaiah 14, Ezekiel 28 and John 8 & 10 show us that satan already tried to do, which is why he got thrown out of Heaven, with the 1/3 of the rebel angels (we call “demons”) who joined his evil mutiny. So, these people all were trying to build this tower into the sky (not knowing how far Heaven actually is from planet earth), and God scattered their languages. Let’s look at that historical account in Genesis 11, then discuss it.

**“<sup>1</sup> Now the whole earth had one language and one speech. <sup>2</sup> And it came to pass, as they journeyed from the east, that they found a plain in the land of Shinar, and they dwelt there. <sup>3</sup> Then they said to one another, ‘Come, let us make bricks and bake them thoroughly.’ They had brick for stone, and they had asphalt for mortar. <sup>4</sup> And they said, ‘Come, let us build ourselves a city, and a tower whose top is in the heavens; let us make a name for ourselves, lest we be scattered abroad over the face of the whole earth.’ <sup>5</sup> But the LORD came down to see the city and the tower which the sons of men had built. <sup>6</sup> And the LORD said, ‘Indeed the people are one and they all have one language, and this is what they begin to do; now nothing that they propose to do will be withheld from them. <sup>7</sup> Come, let Us go down and there confuse their language, that they may not understand one another's speech.’ <sup>8</sup> So the LORD scattered them abroad from there over the face of all the earth, and they ceased building the city. <sup>9</sup> Therefore its name is called Babel, because there the LORD confused the language of all the earth; and**

**from there the LORD scattered them abroad over the face of all the earth.”** (Genesis 11:1-9) The rest of the chapter is the genealogies of Shem to Terah and Abraham, and then the start of the historical account of Abraham, leading to God starting the 3<sup>rd</sup> covenant between God and humans, an unconditional everlasting covenant with Abraham and his descendants through Isaac and Jacob, including a large portion of what we call today, the “Middle East”.

So, from this historical account by God Himself, we notice a few things: 1) the people gathered in this city were in a full-on fight with God, 2) they refused to populate the earth and build families that would seek God, 3) they wanted to build a tower to Heaven to overthrow God, 4) They had plans they were using to build this tower – the requires language, drawing, and \*gasp\* an alphabet. Notice God’s own account says they had one “language”, again showing an alphabet. This is quite easily proven from Scripture by God’s own wording. In English it’s translated that everyone had “**one language and one speech**”, and those are two different words: שפה “shphe” = language (including an alphabet) and דברים “udbrim” = speech, including all of the complexities of communications. You can see it – it’s as plain as day. 5) God scattered their “languages” so that they couldn’t communicate clearly with each other and became so frustrated and had so many arguments that they all scattered from there, and finally did what God had told them to do – go populate the earth and build families, of which some of them learned to seek God in that process, while others delayed their plans to build a tower to Heaven and destroy God to a later date...

Now you can see it – it’s very plain and obvious... unless, you are relying on liars in the “archeology” camps to verify that God is telling the truth – don’t wait for it, they won’t. What’s worse, and even very shocking and very, very sad is the fact that the supposedly super-smart team at Answers in Genesis decided to promote such wicked material like this undermine the very foundation of Scripture and to promote the lying religion of evolution... the very things they pretend to be doing: defending the Bible and exposing the lies of evolution... They have studied this passage far, far, far better than me... and couldn’t see this? So they promote heresy and myths and lies instead? Really? Why? Have ‘Answers in Genesis’ become a pagan monopoly with a Christian title? This is not the first time I have had serious reasons to ask that question, though the question and answers grieves me deeply, for if they too have fallen away, that means most (if not all) of the main “Christian” ministries are full of liars and promoting half-truths, and therefore cannot be trusted for easy quoting material. We’ll all have to study it ourselves, whether they speak on an issue or not...

We have some more info on this that we’re working on. That will be part 2 – who all is Mr. Mahoney working with? That’s a very interesting study of its own.
