

Questions that need to be discussed – maybe the “Judge Not” conference is a good place to start.

Greetings brethren (brothers and sisters in Christ),

Jesus’ apostles did a great work to establish gatherings of believers (called churches) around the known world. The devil had ruined enough of the Jewish leaders and gotten them to reject and try to convince their followers to do the same. The Church Age was an unseen mystery. After Jesus was resurrected (AD 30s), God shifted His focus, for a time, to work through the Gentiles. That was a total surprise that the devil wasn’t prepared for. But history shows us that the devil got a plan to send gnosticism wolves into the gatherings of believers, then worldly prosperity.

After a long period of spiritual dark ages (AD 1100s to 1500s), the gospel came alive to outsiders and they gave us Bibles translated into the common languages, including English. The devil used the Vatican’s “Roman church” and jesuits and masons to try to tamp down on the gospel and burn the Bibles, and they all did great harm to the gatherings of believers in Europe and Britain.

Then in AD 1600s to AD 1700s, when the USA was founded, the devil sent masons and jesuits to try to prevent Biblical Christianity from getting started here. But as our country grew, the true gospel message of Jesus came and spread with great power from the Holy Spirit. In the late 1800s and into the 1900s, the devil sent masons and jesuits to infiltrate into the churches and seminaries, and turned the seminaries into semataries. And when that wasn’t working fast enough, in the 1950s, the devil made a major assault on the churches, semataries, and Christian music industry to force the erosion more quickly. And now, the devil controls the messages of most pastors with the 501c3 rules. But, the devil has a big problem with so many individual followers of Christ holding to their faith and studying the Bible for themselves and standing against the evil they see.

Secret 501c3 rule list: <http://www.incpu.org/concerns-501c3-rules-list.pdf>

We have looked carefully at the “JudgeNot Conference” in Ohio to take place in less than 2 weeks (August 11-12, 2017), and it looks like they are joining the current wave of confusion to try to shift Christians’ understanding of opposing evil. The message we are seeing that concerns us is something like: *“If you don’t have sematary-training, then you don’t know what you should allow and not oppose. So you shouldn’t judge, but you should/need to let sematary-trained “experts” (M.Div, D.Min, etc) decide what to judge. So, quit opposing the One-World-Government and One-World-Religion.”*

There are many powerful passages that teach saints what to judge and how to pray against evil. None of these speakers are known for strong preaching against sin-filled entertainment and/or the pleasures of the pagan’s world’s luxuries. The TV (trash vendor) brings so many sins into all of the homes that watch TV and movies, and most computers seem to be used to feed the sin-nature of most “church people”. And professional sports are built on man’s sinful pride, and yet many/most American “pastors” pretend it’s okay. The visible “churches” in America need Bible teachers to judge the sins that ruin honest Christians. But, none of these leaders and teachers at this conference are known for honestly preaching 1st John 2:15-17. But, don’t worry – God will not be mocked. He allows Lost Vegas to rig professional sports.

The “Judge Not” Conference was originally started by Todd Friel based on his recent book Judge Not (“Not” is crossed out). Todd has now left the conference agenda for some reason. It now includes Phil Johnson (aggressive protector/cover-up guy for John MacArthur) Mike Abendroth (graduate of the Southern Baptist Seminary and Master’s Seminary who takes on difficult questions), Jordan D. Hall (leadership of Reformation Montana and Pulpit and Pen), Chris Rosebrough (Pirate Christian Radio which handles all of the difficult discussions and digs for false teaching/teachers), and Justin Peters (who especially deals with myths of Word of Faith speakers), Anthony Silvestro (Creation Revival), Frank Mullis and Andrew Rappaport (both Pastor/Speaker for StrivingForEternity Ministries), and Tim Hurd and Len Pettis (Bible Thumping Wingnut Radio).

If you were leading a “Judge Not” conference, we assume you would base it on Matthew 7, explaining how to rightly judge sin according to the Bible. And, the New Testament has quite a few more passages that should be taught at a conference like this. Hopefully, they are not planning to spend most of their time talking about personal experiences and preferences. Here are some portions of the Scriptures that should be taught concerning how to rightly judge as Jesus commanded us to do:

- > **Matthew 7:1-5** is about not being able to judge rightly until you deal with the intentional sin in your own life
- > **Matthew 7:13-27** is about a good tree not being capable of producing bad fruit, about those who call Jesus their Lord but deny Him by their works | about building on Christ as the foundation without which the building collapses
- > **Matthew 12:33-37** is about the evidence of the heart coming out in their words by which they will be judged
- > **Matthew 18:1-20** is about not competing for lordship | about not causing temptation to sin in the church | about dealing firmly with sin in our lives | about helping brethren who fall into sin and how to communicate with them if they turn from Christ by disobedience
- > **Luke 17:1-4** is about rebuking a brother and receiving repentance from a brother to forgive him every time he actually repents of sin, but a warning that if he doesn’t repent, it would be better for him to be judged sooner than later if he is going to keep intentionally causing stumbling among those who are young in the faith
- > **John 7:24** is about having a right heart in our judging
- > **1st Corinthians 2:12-3:4** is about people who discern spiritual things by the Spirit of God, not through mass study of philosophy and tradition, but by the power of God are able to judge accurately because of their own pursuit of holiness and listening to Jesus always | about how leadership in Christ requires us to lead the immature and rebuke them for their carnal pursuit of power through following notable leaders
- > **2nd Corinthians 10:1-6** is about spiritual victory and leadership: the purity and gentleness of heart, the consistency and strength of prayer, and the requirement of full obedience to Christ in defeating sin-desires of the flesh to be able to have power in spiritual struggles for leadership toward godliness
- > **2 Thessalonians 2:2-7** is about staying alert and watchful even as many are falling away into lawlessness and that the work of the Holy Spirit is to restrain the spirit of lawlessness by speaking out and working on hearts
- > **Jude** about rebellious rulers who sneak into the church for their own lustful desires and to teach others to deny the authority of Christ, who also use greedy gain and flattery with useless misdirected teaching to lead people into sin while feasting with us as though they can fellowship with us; we should rescue their victims pulling them from the fire
- > **2nd Peter** is about our diligence to add to our faith until we are mature in godliness, brotherly edification/exhortation, and love | about false teachers who secretly introduce errors, covetousness, presumption and self-will intentions with pride, pleasure-seeking, lewdness, and a snare for those who have escaped from other evil-doers | about those who are wandering back to past sins in their lives, scoffing about details of God’s power, and bypassing God’s judgment of sin to instead focus on their own dishonest agendas | rather we should warn Christ’s followers to stay alert, be a diligent help to produce fruit for spiritual life in others, being blameless and careful | about how evildoers twist the Scriptures to fit their preconceived false god concepts.
- > **1st Timothy 3-6** is about what godly households look like to know who is mature enough to be an elder/leader in the church | about those who drift away from love of God, but keep acting as leaders while giving heed to deceiving spirits, hypocrisy and lies, with a seared conscience, adding laws, profane and/or idle myths, physical requirements for godliness | but we should be diligent toward meditating deeply on all truths and making our heart progress good so that it is even visible to others that we are growing and giving attention to assist others in their faith, being

careful who we accept to be leaders over the church, and when we find an elder in sin by report of more than one witness – to rebuke them that they may be sound in the faith or else that the rest may also fear, and that we should watch carefully to discern the sins of those around us | we should honor those over us in faith and obedience to Christ, giving them honor and not give attention to those who are prideful with empty obsession with strife and evil suspicions who suppose that godliness is a means of gain – stay away from them | those who seek riches fall to temptation in many ways | we should keep ourselves pure from these kinds of people and instead pursue righteousness, faith, love, patience and gentleness.

> **2nd Timothy 2 and 3** is about shunning profane and idle ramblings that don't lead to godliness of heart first, the need to depart from all iniquity, flee lusts and pursuits, disputes; and that we should pursue faith, love, and peace with those who call on God out of their pure heart | about perilous harm from evil-doers who pursue money, pride, abusive control, sensual desires, corrupt thoughts | but their lies will be shown to all if we endure persecution and afflictions with patience and use the Scriptures to rebuke, exhort and instruct in righteousness.

> And, **Titus 1 and 2** is about the need to have solidly mature teachers/elders so that we can handle the threats from deceivers who promote fables and traditions of men and who profess great knowledge of Christ, but in their works deny Him through abominable idolatries, disobedience, and hearts that disqualify them from ministry | about how to exhort those in the churches and keep ourselves pure from the desires of this world that destroy those around us, so that we can be zealous for good works.

-- These verses above are plain from the Bible on judging and discerning sins and standing up to evil, and should be taught on concerning how to rightly judge as Jesus commanded us to do. How many of those verses are they planning to read and teach?

We are asking our friends to go to this conference and ask questions. Pray for the Holy Spirit to guide you on what questions to ask, and for discernment to hear what was said and/or may not have been answered honestly. Ideas for questions:

- Are these teachers and leaders going to address the deceptiveness of the jesuit and free-mason leaders among 501c3 corporations called Baptist or Community-churches or Evangelical or Reformed or para-church organizations, including the leadership of the Lutherans, Anglicans, and the Christian music industry?
- Are these teachers and leaders going to teach against selfish interests and temporary comforts that regularly lead to sin, so that their audience can be fulfilled in obedience and hear from God daily?
- Are these teachers and leaders going to teach how to remove the planks from our eyes and lives so that we can clearly and graciously judge with mature knowledge of right and wrong – Hebrews 5:14?
- Are these teachers and leaders going to use Scripture to train up accountability for all of the leaders, pastors, speakers, seminary professors, missions directors/staff, and para-church leaders?
- Are these teachers and leaders going to teach cutting-edge growth in holy obedience to Christ so that we can all have God's blessing as we share the gospel of Jesus and His teachings with all who will listen?

- Or are these teachers and leaders going to say nothing; or worse – are they going to use the Scriptures as the usual threat that we should not judge anything unless we are fully ready for a battle.

Please send us a link if they put up video or audio of this conference or else please write an article with your own thoughts on crucial parts of the conference, if you go. Please don't ask questions for us at the conference. If God is leading you to be a leader in solving these questions, then you do only what God sends you to do. And we would be happy to hear what answers you get to whatever questions get answered.

Todd Friel says "**THE CHURCH HAS GONE TO THE WOLVES.**" No, that's either inaccurate or worse: a lie. Christ's body, the "ekklesia" that we call "church" (the called-out ones) is still very much alive and active here in the United States. But the honest followers of Christ are mostly not in the 501c3s. The 501c3s are over-run and dominated by the jesuits and free-masons in their pulpits, among their deacons and money-driven committees, as well as by their mason/jesuit-driven denomination/corporation hierarchies.

Since the conference is presumably based on Matthew 7, we heartily agree and see that this could be a very helpful forum for honest followers of Christ to discuss things that so far have been ignored or hidden in plain sight (through very partial explanations) as if they are honorable things. Maybe if enough people are asking the questions, someone will get some honest answers that match the Biblical understanding that the hearts of most National & International “Christian” leaders are being deceitful and desperately wicked. We are discovering that many of them are friends/fellows in an American satanist “Family/Fellowship” club.

***** Questions about John MacArthur *****

Several years ago, we started noticing some major errors coming from John MacArthur. Since then, we have done plenty of our own research about John and we have found others who have done the same thing. If you search out what people are catching John doing, you wouldn’t like or respect him. Maybe you can start your search by asking a few questions.

- Is anyone going to address John and Jack MacArthur’s family ties to masonry, strong connections through the mason-run JBS (John Birch Society), and through Henrietta Mears and the Hollywood “Christian” Group, etc? Is anyone going to address Mr. MacArthur’s praise and respect for his masonry family ties, which he also denies through his chief bully and cover-up agent, Phil Johnson?

- Is anyone going to address MacArthur’s direct extended connections to the Rockefeller’s UN through Baptist World Alliance (BWA), TMAI (The Master’s Academy International), and his close friend Al Mohler? Or what about Mr. MacArthur’s WCC connection(s)? [WCC = World Council of Churches]

***** Questions about Al Mohler/Russell Moore *****

- Is anyone going to ask why Al Mohler refuses to let go of his partnerships with one-world religion friend Rick Warren? <http://www.incpu.org/AlMohler-RickWarren-bad-partnership.htm>

- Why did Mr. MacArthur and Mr. Mohler choose to defend Mr. Mahaney instead of making sure the scandals are all dealt with Biblically? Isn't that making them accomplices to many cover-ups?

[Even Mr. Mohler's calling Mr. Graham an evangelical "titan" shows how much Mr. Mohler likes false teaching and pagan Greek mythology. Both of those need to be addressed somewhere, somehow.]

- Shouldn't it bother these men who claim to be leaders of the most conservative church groups, that their good friend Billy Graham is working with the Vatican, UN, and one-world religion groups such as the WEA and NAE?

- Is anyone going to address why Russell Moore is letting Andy Stanley's false gospel of man-approved evidence of God rather than the Bible – to become the "new" normal in the 501c3s across the land? This move is already happening. Are they going to rebuke Mr. Moore, or let the lies keep happening?

**** Questions about Billy Graham ****

- Is anyone going to ask why these men approve of Billy Graham, even calling him a brother who knows the gospel, though Mr. Graham has proven time and time again that he's working with the Vatican, uses a few right words, and yet has a very false gospel?

**** UN NGOs – United Nations Non-Government Organizations ****

- Is anyone going to ask these leaders of American 501c3-goers why they are okay in working with UN NGOs? For those who many not know: The Rockefeller's UN = United Nations, was built with Rockefeller money on Rockefeller land, and is a collection of people that the Rockefellers and family hand-picked to pretend to be world-leaders and then gave them suits and a name-tag to uphold the Rockefeller/Rothschild “international law”. They are nothing – they have no binding – they are simply actors trying to force the NWO before it's time. So, whenever you see a “UN resolution” remember that not only is it “non-binding”, but it's also illegal because it's against the US Constitution. It is illegal (even treason) to make an agreement with a foreign nation outside of the US Congress. Every single act and resolution the Rockefeller's UN does is illegal and evil – all of them.

So, why is Al Mohler attached to 6 UN NGOs? Why was he on the board of two of those UN NGOs? Why is he still such good friends with James Dobson, the leader of demonic-psychology, and his UN NGO? Why is Russell Moore partnering with NGOs? Why does John MacArthur work with 2 NGOs?

**** Concluding thoughts ****

- Are these teachers and leaders going to be honest about the problems with the Rockefeller-approved 501c3 “accreditation” system? - <http://www.incpu.org/concerns-501c3-rules-list.pdf>

Conclusion: These problems mentioned above explain why honorable Christians are leaving the churches and opposing the evil things they saw. Live boldly for Jesus, and stop following men. Let's keep growing in hunger and thirst for God's Word, clean obedience to Jesus – push sin out of your life, and boldness and clarity in sharing the gospel and Jesus' teachings with everyone you can.
