

"Churches Declining In the US" (and other myths...)

Hello brothers and sisters in Christ, this is a different type of INCPU report - it's on the churches and Christian communities in the US.

Let me start with some distressing news and then remind you of a couple of passages in Scripture and then what God is already doing and satan is trying to hide to keep his lie going.

First, did you realize that many real and so-called "Christian" book and music stores have been going out of business in the last 2 years? The official story is that "interest in Christian products is declining" - lol, like believing in the Bible is "going out of style"... what a lie - those saying such lies don't know Jesus or the Bible or worse - don't believe Him (Matthew 16:18). Did you also realize that big institutions are making sure to be blackballing Christian events and concerts? That's not because of atheists or muslims - the commands are coming from higher up than that. Did you also realize that smaller 501c3s "churches" are also going out of business? Again, the "official story" is that "Christianity in the US is declining". Such lies.

So, what's going on here? Are you aware that the Jesuits (the leaders of the Roman Catholic "empire") are on the march? They are (and have been) infiltrating key leadership positions in Bible colleges, seminaries, and "churches" (501c3s) for decades. And now that the so-called "pope" is calling for all religions (especially "Protestant Christianity") to come back to the "mother church", the secret commands coming from all sides of those who rely on the devil's Rockefeller-accreditation system for their "right" to preach the whole counsel of the Word of God. So, what we see going on here is strategic to get you and me (and millions like us) to give up and stop opposing satan's one-world plan and working to get the honest gospel of Jesus around the globe.

What we see is that satan has his team (NWO/IMF/CFR/Vatican, etc) giving their secret double-gagged commands to shut down anything they can without getting caught. They are harassing a few Christians in business to make them bake cakes for those who choose perverted lifestyles (and making a lot of noise about the 1 or 2 cases they could trump up). They are harassing honest followers in the workplace, giving them various versions of "re-education" classes and trying to force them to comply with

saying sin (in any form) is "okay". They are shutting down concert-venues - like demonic disney's "Night of Joy". They are blackballing honest song-writers from even being allowed to get into the official "Christian music" genre because they don't want Bible teaching there. They are getting well-known Bible colleges to have "summer school" classes glorifying pagan humanists with visits to such places as Rome and the Vatican. The devil's team is shutting down honest foreign mission societies and/or Bible schools that actually teach the Bible, and funding those that teach the false gospels of Rick Warren and Joel Osteen and Joyce Meyers and Beth Moore, etc. The devil's team is creating "Bible" museum's that openly laud the Vatican (and ignore her many past and ongoing crimes) and openly pretend that the Bible we have today is "flawed" unless we agree to their twisted "translations" and altered texts. The devil's team is commanding all "Christian" leaders in the US to be okay with Jesuit (and sleazy) Trump and to push Christians to use the rainbow - right alongside those who choose perverse life-styles. The devil's system is trying to track down and threaten home-schoolers and home-churches - but to little avail most often because God protects those who fear Him and seek Him with their whole hearts and pray.

Is the devil roaring? For sure he is! But, so what. Literally - so what. Why? How can I say that? Simple. Jesus told us that we would have persecution if we followed Him - persecution from the satanists pretending to be our "clergy", from the false brethren whose lives show they are goats and not sheep, persecution from pagans who don't want to hear the Word of God, etc. Remember, there are multiple levels of persecution - if you are honestly living for Christ, you are being persecuted. Don't know what I mean? Go back and read Jesus' words (Matthew thru John), but for this topic, Matthew 5 thru 7.

So, what do we do? Keep doing what God shows you to do from His Word and in your lives. Throw out the tell-lie-vision (TV = trash vendor). Throw it out. And throw out your pagan movies too, and your pagan music and your other pagan "entertainment". Those things erode your soul and your ability to stand in trials and persecution. They also make it where you don't have a clear conscience so God can't completely defend you, and that "shield of faith" doesn't work as well. Instead, get more of the Word of God in your life. Seriously. You. Get. God's Word. In. Your. Life. More. If it's important to you, you can find a way. If you need help or ideas - ask me. My family and I are glad to help in any and every way we can.

Now, as for if our country is actually "going down" and honestly following Christ is "declining", the answer is a solid no. Let me ask you this - are we right now in the Tribulation? You know, the literal 7-year Tribulation. If you go back and read it, taking it chronologically (Chapter 1, Chapter 2 and 3, Chapter 4, etc), and believe it literally (as Jesus intended it to be), then you see satan is a liar and all of his agents are too. No we are not in any way yet in the 7-year Tribulation. We are in what's called the "Church age" found in Revelation 2 - 3. Read those letters - they will challenge you to live more holy and more boldly for Jesus. So, what are we supposed to do? If you want to hear the Bible read and discussed - Start home-churches. If you don't want your children polluted by the psychology, witchcraft, sexuality and evolution false teachings - Home-school. If you want to hear Jesus say "well done good and faithful servant" - serve Him. Don't let satan and his team of demons and human agents scare you. If you want to serve Christ - do so, boldly, trusting Him with your life and well-being, and grow regularly in learning and obeying more of His Word. It's that simple.

If you are near one of those smaller churches that is shutting down, try to ask them who gave them the command to shut down. I have been in churches and church leadership teams, so I've seen a lot of behind the scenes and it's not what is shown for everyone on a Sunday or Wednesday. They get secret commands to do or change things just like everyone else in Freemason/Jesuit run America. If you can

get close enough to ask the pastors who are being commanded to shut down or resign - ask who told them they needed to. It could be from a Jesuit "friend" or leader. It could be from a mason "friend" or leader. It could be from a professor from their college or seminary. It could be directly from FEMA. It could be directly from the denomination/ domination leaders (Baptist, Methodist, Lutheran, Anglican, Presbyterian, etc). It could be directly from the mega-church wolves in their area. It could be directly from the Vatican or the archbishop or a cardinal, etc. It could be that the Jesuit/Mason govt leaders are pretending that they don't have the "right" to be a pastor because they won't sign the latest FEMA (or whoever) rules list of what they can and cannot preach on, and what words not to say, and what sins to say are okay. Wherever it comes from (and whatever they tell you), you can know this - if they surprisingly shut down, it was by force and command, not God telling them to shut down a Bible-teaching gathering of believers.
